Re: Discuss and Approve MSR-Joint Ad-Hoc Committee Appointments

RECOMMENDATION

Action Item Non-Action Item

Discuss participation in the MSR Joint Ad-Hoc Committee and, if desired, appoint two Board members to serve as representatives of the District.

BACKGROUND

San Joaquin LAFCO is in the process of finalizing a Fire Municipal Service Review (MSR) evaluating fire protection services within the County.

In anticipation of the MSR and its potential implications, Mokelumne Fire District and Waterloo Morada Fire District formed a Board Joint Ad-Hoc Committee to discuss MSR-related matters and regional coordination among fire districts. The District has been invited to participate in these discussions.

DISCUSSION

Mokelumne Fire District and Waterloo Morada Fire District have formed a Board Joint Ad-Hoc Committee to discuss matters related to the Municipal Service Review (MSR). The committee is meeting monthly and has held one meeting to date.

If the Board wishes to join the committee, they could appoint up to two Board members to service as representatives. Participation would allow the District to engage in regional discussions regarding MSR-related topics and coordination among neighboring fire districts.
